***For the kids who dream...
and the kids who will learn to dream again.***

Preceding the concert, Mr. Odom will provide inspiration and insight through a dialogue and interactive soundcheck for regional youth. Some attendees will aspire for the stage, while others will be confronting challenges that no kid should ever face - and *all* will benefit from this special event. Proceeds from the concert will benefit the kids who receive performing arts exposure and education through the Fox Riverside Theater Foundation and the kids who receive the lifesaving protection and nurturing of Operation Safehouse.
